

Save Energy at Home with Natural Gas Efficiency

Save money, improve comfort and ensure a cleaner environment with energy savings offers for residential natural gas heating customers from National Grid.

- Free Home Energy Assessment
- ENERGY STAR® Thermostats
- High-Efficiency Heating Equipment
- High-Efficiency Water Heaters
- Home Weatherization with EnergyWise

nationalgrid

The power of action.™

Wouldn't it be great if you could save money, improve the efficiency of your home, and help ensure a cleaner environment?
You can with efficiency from National Grid.

Follow these steps to participate:

- 1) Consult a licensed heating contractor or plumber.
- 2) Complete this application and determine anticipated rebate.
- 3) Return application with a copy of your dated invoice or receipt. (Remember, your invoice or receipt must include the complete model number of each unit installed.)

Mail to: National Grid Efficiency

Work Completion and Rebate Validation.

I hereby affirm the following Prescriptive Energy Efficiency Equipment has been installed. I acknowledge that all work is subject to on-site work verification and inspection as may be required by state and local law and by National Grid. I am aware of and agree to the Terms & Conditions stated on the reverse side of this application and am attaching copies of itemized proofs of purchase and invoices for the installation performed.

Customer Signature: _____ **Date:** _____

Rhode Island

Equipment installed from 1/1/09 to 11/30/09 is eligible. Rebate form and required documentation must be received by 12/31/09. One account number per form. Some restrictions may apply. Rebate offers are subject to change without notice.

50% off Weatherization - up to \$1,500

Our EnergyWise program can make your home more energy efficient year round. With some simple, easily installed measures, your heating and cooling systems will be more effective. You'll reduce your energy bills, increase year-round comfort, and create a healthier living space. Plus you'll be doing your part to help the environment.

The EnergyWise program from National Grid can help you in a number of ways. It starts with a free, in-home assessment of your home's efficiency, with free installation of some quick-return energy savers. It includes incentives for the installation of ENERGY STAR® lighting fixtures and appliances. You may also qualify for special incentives and low-interest financing for insulation and air sealing improvements

Insulation and air sealing • Refrigerator replacement incentives •
ENERGY STAR lighting • Heat pump tune-ups • Low-interest financing

Sealing and insulating is a cost effective way to improve efficiency and comfort in your home. Weatherizing is easy. Insulate and air seal through EnergyWise and you can receive 50% off the cost up to \$1,500. Do-it-yourself installations do not qualify.

Call 1-888-633-7947 for more information about EnergyWise or to schedule an appointment.

National Grid Residential Energy Efficiency Programs Terms & Conditions

- 1. Incentives** - Subject to these Terms and Conditions, this program is offered by Narragansett Electric Company d/b/a National Grid ("the Company" or "National Grid"). The Company, through its contractual vendor, Energy Federation Incorporated (the "Vendor"), will pay incentives to eligible customers in the Company's Service Territory, for the purchase and installation of the equipment/products described in this literature and within this application.
- 2. Customer Eligibility** - Equipment installed from 1/1/09 to 11/30/09 is eligible. It must have been installed at the installation address listed on this application and the required documentation listed must be post marked by the Vendor, no later than 12/31/09. Must be an existing residential Company gas or electric heat customer to be eligible for rebates specified in this form. Non-firm gas customers are eligible for rebates. Check www.thinksmarthinkgreen.com frequently for program updates or installation extensions.
- 3. Post-Installation Work Verification** - The Company reserves the right to perform a verification of the specified installation. If the Company and/or Vendor determines that the equipment was not installed in a manner that is consistent with program guidelines, the Company and/or Vendor may require that the installation be modified before making any incentive payments. The cost of such modifications is the responsibility of the customer.
- 4. High-Efficiency Heating, Water Heating, or Boiler Reset Control Incentives** - All installations must be completed in conformance with state and local code requirements and by properly licensed contractors.
- 5. Proof of Proper Installation** - As part of its incentive application, the Customer is required to submit dated copies of all paid invoices documenting the installation (including all materials, labor and equipment invoices) which reflect the actual cost of purchasing and installing the equipment.
- 6. Indemnification** - Customer shall defend, indemnify and hold harmless the Company and its officers, directors, employees, agents, servants and assigns from and against any and all losses, claims, demands and/or liability for damage to property, injury or death of any person, or any other liability incurred by the Company, including all expenses, legal or otherwise, arising out of or related to the equipment or installation, except to the extent attributable to the negligence of Company. In no event shall Company's liability to Customer exceed the incentive amounts.
- 7. Limited Scope Review** - The scope of review by the Company and the Vendor and their Inspector of the installation of the equipment is limited solely to determine whether incentives are payable. It does not include any kind of safety or code review and should not be relied upon as one.
- 8. Incentive Amounts** - The Company will provide incentives for approved heating, water heating, thermostat, or boiler reset control equipment, up to incentive amount indicated in the program literature and within this application.
- 9. Payment** - The Company, through the vendor, expects to make incentive payments to eligible customers within 45 days of a satisfactory work verification. The customer must refund any incentive made to the extent the contractor or equipment does not satisfy program requirements.
- 10. No Warranties** - The Company and the Vendor do not endorse, guarantee or warrant any particular contractor, manufacturer or product installation. The Company and the Vendor do not make any representation of any kind regarding the results to be achieved by the equipment or the adequacy or safety of such equipment.
- 11. Changes in the High-Efficiency Heating, Indirect Water Heating, Thermostat(s), or Boiler Reset Control Program** - Equipment Incentive Program/Tax Liability Conditions and details of the High-Efficiency Heating and Indirect Water Heating Incentive Program are subject to change without prior notice and incentive offers may increase or decrease over time. The Company reserves the right to modify or terminate the Incentive Program without notice. Participants of the program may be subject to tax liability for the value of goods and services received through the program pursuant to state or Federal income tax codes. The Company is not responsible for any tax liability which may be imposed as a result of receipt of the rebate by the Customer.
- 12. Contractor Insurance** - The Company is not responsible for any damage that may be caused by or arise out of an installation of any equipment. The customer is responsible for selecting contractors who are qualified and carry adequate insurance coverage.

National Grid is one of the largest investor-owned energy companies in the world. In the US, we serve nearly 5 million electric and 3.4 million gas customers in Massachusetts, New Hampshire, New York and Rhode Island. Save energy and money with our award-winning efficiency programs. **Visit www.thinksmarthinkgreen.com.**
